

Flu Shot Event Promotional Materials Package

Get the most out of your event!

We Want Your Flu Shot Event to be Successful!

American HealthCare Group has experience organizing flu shot events for community organizations, living facilities and businesses who want to offer value-added services to their loyal customers. We know that the key to your successful flu shot event is informing people about the flu shot event and getting them to show up.

So, We've Made it Easy for you to Promote Your Flu Shot Event.

Our promotional package includes materials that will be customized with your logo, event details and organization name. We can even add in a special message that you would like to relay. You can choose from the following:

- Post Cards to mail or hand out personally
- Large 13x19" posters to hang in high traffic areas
- Extra large 22x28" banner
- Submission of a Press Release to targeted area newspapers
- Custom stickers or labels
- Custom print or online advertisements
- Letters to area businesses, including physician offices
- Letters to targeted area residents, living facilities and apartment complexes

The Sooner We Can Start, The Better!

After payment is received for the promotional package, we will gather your specific event details, images and any message to your patrons or constituents that you would like to add. Once a proof is made up and approved, the materials will be delivered to your location.

Due to the nature of the events, the sooner we are able to put the package together, the better. Informing those who wish to get their annual flu shot with you early will allow them to mark their calendars and make arrangements to be available during the event times.

Please Send Us:

1. A High Resolution digital copy of your logo
2. Your specific message to include on the materials

For more information or to submit your logo and message,
